**APPLICATION INSTRUCTIONS AND PROCEDURES**

**A proper site plan** (or map) is a basic Zoning Commission requirement. This plan must: 1) provide a vicinity map extending at least 500 feet beyond any area proposed for rezoning; 2) show boundaries of the specific area proposed for rezoning; 3) differentiate between existing and proposed buildings and uses; and 4) be drawn to scale at a size allowing a thorough examination of all issues to be presented. Whenever practicable, such site plan should be presented on paper no larger than 11" by 17." When a larger format is used, at least **one file copy on a sheet not exceeding 11" by 17" will be required.**

**A clear presentation of the rationale for rezoning, including as appropriate both immediate and projected descriptions of proposed land use, must be stated** in order that the Zoning Commission might fully examine all the circumstances justifying support of a rezoning. Applicant(s) must attach a narrative addressing **all** the factors listed below:

1. A statement regarding the necessity or desirability of the rezoning to the neighborhood or community.
2. What neighborhood (e.g. traffic, etc.) and/or community impacts are projected from new uses to be made of rezoned property?
3. What physical changes to existing structures or grounds are needed to accommodate proposed new uses?

4. Any other comments pertinent to consideration of reclassification.

Any and all additional evidence will be welcomed, and such evidence might include existing and planned building elevations, photographs of similar uses elsewhere, or models.

**Attendance at the Zoning Commission meeting scheduled to hear this application is required of the applicant(s) or their representative. Failure to appear may result in denial and the necessity to reapply.**

**Seven (7) copies** of this application and all supporting documentation are required. Also required is a **list of all property owners within two-hundred (200) feet** of the property proposed to be rezoned. The application, along with supporting documentation as may be attached or as may be introduced at the Zoning Commission hearing, will constitute the entire official record regarding this case.

Approval of a rezoning does not authorize construction, use or occupancy without the issuance of appropriate permits.
