Dear Stakeholder:

Butler Township, in coordination with the Montgomery County Transportation Improvement District (TID), has been working on studies and plans for roadway and streetscape improvements along Miller Lane, from Benchwood Road to Little York Road and portions of Benchwood Road, known as the Benchwood Station Improvement Project.

An Open House is scheduled for this project for stakeholders and the public to attend:

Tuesday, October 10, 2023
4:30 pm to 6:30 pm
Township Meeting Hall
3780 Little York Rd., Dayton

Exhibits will be available for viewing, including the project highlights, landscaping renderings, construction plans, projects costs, timeline and other improvements coming to the area. There will be no formal presentation during this time, however Butler Township, the TID, and engineering firm, LJB, Inc. will be available to answer questions and receive comments.

We hope to see you at the Open House. If you can't attend, we would be happy to set up a meeting with you individually to go over the materials. We look forward to talking with you.

Sincerely,

Erika Vogel, Township Administrator
